

### product type designation

product description

### Polarization filter crossed

Polarizes the lighting and only allows light at an 90° angle to pass through to the lens

polarization filter 90° twisted for MV440 built-in ring lamps: 6GF3440-8DA11, -8DA21, -8DA31; only usable with protective barrel (MLFB: 6GF3440-8AC11, -8AC21).

suitability for use

Bonded with adhesive to the ring light

suitability for operation

for MV440 with built-in ring lights

### design, dimensions and weights

width

45 mm

height

70 mm

depth

75 mm

### Security information

security information

Siemens provides products and solutions with industrial cybersecurity functions that support the secure operation of plants, systems, machines and networks. In order to protect plants, systems, machines and networks against cyber threats, it is necessary to implement – and continuously maintain – a holistic, state-of-the-art industrial cybersecurity concept. Siemens' products and solutions constitute one element of such a concept. Customers are responsible for preventing unauthorized access to their plants, systems, machines and networks. Such systems, machines and components should only be connected to an enterprise network or the internet if and to the extent such a connection is necessary and only when appropriate security measures (e.g. firewalls and/or network segmentation) are in place. For additional information on industrial cybersecurity measures that may be implemented, please visit [www.siemens.com/cybersecurity-industry](http://www.siemens.com/cybersecurity-industry). Siemens' products and solutions undergo continuous development to make them more secure. Siemens strongly recommends that product updates are applied as soon as they are available and that the latest product versions are used. Use of product versions that are no longer supported, and failure to apply the latest updates may increase customer's exposure to cyber threats. To stay informed about product updates, subscribe to the Siemens Industrial Cybersecurity RSS Feed under <https://www.siemens.com/cert>. (V4.7)
