| Technical data:   |     |                              |  |  |  |
|---|-----|------------------------------|--|--|--|
| mounting position                                       |     | any                          |  |  |  |
| Design of the product                                   |     | Instantaneous                |  |  |  |
| Supply voltage / for AC / rated value                   | V   | 230                          |  |  |  |
| Resistance against the impulse current / rated value    | kA  | 1                            |  |  |  |
| Ambient temperature                                     | °C  | -25 +45                      |  |  |  |
| Ambient temperature                                     |     |                              |  |  |  |
| during storage  | °C  | -40 +60                      |  |  |  |
| Mechanical operating cycles as operating time / typical |     | 10,000                       |  |  |  |
| Overvoltage class                                       |     | ш                            |  |  |  |
| Supply voltage / for testing equipment / minimum        | V   | 100                          |  |  |  |
| Protection against electrical shock                     |     | Finger and back-of-hand safe |  |  |  |
| Position / of power supply cord                         |     | top or bottom                |  |  |  |
| Tightening torque                                       |     |                              |  |  |  |
| with screw-type terminals                               | N∙m | 2.5 3                        |  |  |  |
| Section de conducteur raccordable                       |     |                              |  |  |  |
| • solid   | mm² | 1 16                         |  |  |  |
| • multibrin   | mm² | 1 16                         |  |  |  |
| Product feature   |     |                              |  |  |  |

RES.CURRENT OP.CIRCUIT BREAKER TYPE A PSE/SSF D=55MM 40A 1+N-POL IFN 30MA 230V 2MW
