

Transmission rate

Transfer rate

- for GSM transmission 9600 bit/s

Interfaces

Number of electrical connections

- for external antenna(s) 1

WAN connection

Type of mobile wireless network / is supported / GSM Yes

Type of mobile wireless service / is supported

- GPRS Yes

Operating frequency

- 1 / for GPRS transmission 850 MHz
- 2 / for GPRS transmission 900 MHz
- 3 / for GPRS transmission 1800 MHz
- 3 / for GPRS transmission 1900 MHz

Supply voltage, current consumption, power loss

Supply voltage

- minimum 12 V
- maximum 30 V

Active power loss / typical 5 W

Permitted ambient conditions

Ambient temperature	
• during operating	-20 ... +60 °C
• during storage	-25 ... +85 °C
Relative humidity / at 25 °C / during operating / maximum	95 %
Protection class IP	IP40

Design, dimensions and weight

Depth	114 mm
Height	99 mm
Width	22.5 mm
Net weight	150 g
